STANDARD NOMENCLATURE LIST NO. A-5

ORGANIZATIONAL SPARE PARTS
AND EQUIPMENT

FOR

GUN, MACHINE, CAL..30,
BROWNING, M1917, AND
M1917A1; AND MOUNTS

(Supersedes SNL A-5, 15 August 1941, covering Organizational Spare Parts and Equipment; Changes No. 5, 15 June 1942, covering Organizational Spare Parts and Equipment; Changes No. 7, 21 September 1942; and Changes No. 10, 20 April 1943.)

This is a list of organizational spare parts and organizational equipment (accessories; tools; sighting and fire control equipment; applicable cleaning and preserving materials; and articles for instructional purposes) which are issued to the using arm or service for its use in performing 1st and 2nd echelon maintenance.

Items indicated by (M) are essential to the operation of the materiel and MUST accompany the materiel on initial issue.

This standard nomenclature list is supplemental to Tables of Equipment, Tables of Basic Allowances, Tables of Allowances, and Tables of Organization. It is therefore imperative that it be in the hands of all organizations and establishments concerned. Special attention should be given to its distribution.

Standard Nomenclature Lists are published in three separate pamphlets—

(1) The *LIST OF ALL PARTS* section—This list will be used for identification and storage purposes only.

(2) The *ORGANIZATIONAL SPARE PARTS AND EQUIPMENT* section—which lists items issued to organizations armed with the Gun, Machine, Cal..30, Browning, M1917, and M1917A1; and Mounts.

DISTRIBUTION: Ordnance organizations, establishments and any interested personnel.

Two (2) copies to all units armed with Gun, Machine, Cal..30, M1917, and M1917A1; and Mounts.

Special thanks to the guys 1919a4.com for this document.
